Using the information from the previous chart, explain your leadership qualities & experiences & tell how they would help you be an effective Ohio FCCLA Executive Council member.

During my variety of experiences in activities with FCCLA, school, and community, I have developed leadership skills that will help me be an effective Ohio FCCLA Executive Council member. The skills learned during FCCLA activities include: parliamentary procedure, public speaking, problem solving under pressure, adaptability, decision making, and collaboration. These qualities will help me be an effective Executive Council member by speaking clearly in front of members and advisers, work with other Executive Council members to create ideas and plans, adjust when problems arise, and participate effectively in business meetings. During my other school and community activities, I developed organization, communication, how to meet deadlines, and staying collected under pressure. These skills can help me be an effective Executive Council member by allowing me to meet the many deadlines I will have both as a council member and a student, communicate effectively with my adviser, members, administrators, and other teachers, and remain calm even when stressful situations occur.
