Lead4Change participant (2023) 10. 2x 1st Place STAR Event Finalist 11. National Family & Consumer Sciences PSA 2nd Place Award Winner (2023) 		

Using the information from the previous chart, explain your leadership qualities & experiences & tell how they would help you be an effective Ohio FCCLA Executive Council member.

Ever since I joined this organization I have strived to continue to improve my leadership and personal growth skills. All of the experiences listed in the chart have made me a well-rounded and thoroughly informed leader through all aspects of FCCLA. Though I have completed in-depth research in all areas of this CTSO, taking part in its programs has given me experiences that will allow me to provide positive input in the state association's program of work. In my local chapter experience, I have advocated for FCS Education, completed several service projects, and implemented activities for every day of FCCLA week. Each of these experiences translates well into being an executive council member, as I would often be advocating for FCS Education, informing members of possible community service opportunities, and working on publications for FCCLA Week on the state level. In my regional experience, I have attended 3 regional leadership conferences, which will allow me to effectively plan Region 1's Regional CDEs. On the state and national level, I have had extensive experience in most national programs, contests, workshops, competitive events, and learning opportunities. These different experiences have given me a diverse perspective that I believe will be beneficial to the state association in all aspects.
