Advisers are the Subject Matter Experts: Please check the Career Development Events you are willing to evaluate.

The Office of Career-Technical Education and Ohio FCCLA State Office have the expectation that advisers will help facilitate Career Development Event competitions in the role of Subject Matter Experts at the regional, state, and national levels. Ohio FCCLA State Staff members are key in identifying qualified evaluators, room consultants, and event volunteers. Because Career Development Events operate on a limited budget, unpaid volunteers are essential. **Chapters are responsible for providing one evaluator and/or room consultant for every three event participants.**
