Awarded Outstanding Project.
National	<ul style="list-style-type: none"> - Attended, competed, and networked at National Leadership Conference 2024 		

Using the information from the previous chart, explain your leadership qualities & experiences & tell how they would help you be an effective Ohio FCCLA Executive Council member.

Because of the experiences that I have had through FCCLA, school extracurriculars, and community activities, I have been able to build my leadership qualities. I feel that I have good communication skills, as I have experience running meetings as the President of our FCCLA chapter, met and communicated with new people at honor bands as we made music together, and communicated with my fellow 4H members as we serve our community through service. FCCLA has also given me the opportunity to communicate with people outside of my local community, as I have attended State and National conferences and met so many new people that I could communicate and make friends with. FCCLA and the other activities I am involved in have also grown my already existent leadership trait of integrity. As I've worked with my fellow officers of our chapter, I have learned even more of the importance of integrity. I have learned to lead with honesty and transparency as the President of our chapter, even when that is a difficult task. Additionally, I feel that I know the importance of delegation, and how a leader can effectively use it to get tasks done. I have been able to delegate tasks within our chapter to the officer team and members. Overall, I feel that these traits would greatly allow me to be an effective Ohio FCCLA Executive Council member. All of these traits that I have developed would allow me to effectively communicate with Ohio FCCLA members, no matter where I am or what instance I am in. I would be effective at getting my tasks as an Executive Council member done in a timely manner, as well as in a truthful and genuine way through integrity. I would be able to work well with other Executive Council members, as I would know what part I needed to play in whatever task we were tackling, as I have grown my leadership skill of delegation and the understanding of it's importance.
