State	State Project- Lead4Change, Valentine's Day boxes for CIS		
National	National Programs in Action, Families First - STEM Day		

Using the information from the previous chart, explain your leadership qualities & experiences & tell how they would help you be an effective Ohio FCCLA Executive Council member.

I as a person I hold the leadership qualities of team work, respect, quick thinking, and very easy to adapt to issues. the experiences I have had that have helped me develop my leadership skills have been great experiences. at safety town I help out to teach little kids about bike and road safety. that he's helped me learn a good bit about how to solve conflict. solving conflict in a group of teenagers is a big thing cause teenagers have a lot of drama. Working at shake shack and ice cream barn have helped me get and maintain my time management and how to work as a team to keep the line moving. Time management is very important on the council. You have to be able to keep up and school keep up with all of you FCCLA responsibilities and anything else you are apart of out side of FCCLA. I think me as a person would be a good addition to the Executive Council. I will bring all I can to the table and put forth as much effort as I possibly can
