Using the information from the previous chart, explain your leadership qualities & experiences & tell how they would help you be an effective Ohio FCCLA Executive Council member.

The multiple leadership roles I have taken have prepared me to be an effective executive council member in multiple ways. First my role on Teen Advisory Council has required me to work together with my peers and take charge of planning and executing many serious events. I planned and advocated for each of the events and let the youth know what activities were happening, and communicated with peers on how event is to be run. I also helped tutor 5-10 youth by helping them with their homework every week. In addition, I have hosted read aloud to better help them understand complex words. These responsibilities have prepared me to take on additional roles while balancing school, college classes, and a job.

My role as a member of FCCLA has taught me to be positive and take charge of life-changing decisions and roles. It also helped me develop and perfect my leadership and communication skills while educating others about the 8 FCCLA purposes. I learned that every event, activity, and topic has an important value no matter how small it may seem. My participation in my CDE helped me to improve my communication skills and also helped me learn how to educate others through teaching middle schoolers the alphabet in sign language.

Each of these experiences has helped shape me in a different way to be an effective Executive Council member.
