I'm Kelby, an 11th grader who joined FCCLA to develop my leadership skills. FCCLA let me be able to compete in the Job Interview event and bring home a bronze medal. This event was able to help me improve my communication skills, along with my confidence. It also helped me finish Power of One Units, which let me find the flaws within myself and my house, along with helping me with my leadership skills. This organization has given me many opportunities to grow as a leader and being able to become more involved in my school and community.
