Using FCCLA's power of one unit, I strengthened numerous relationships within my community and family through connecting activities and self-growth. The most significant way I've grown through FCCLA was when I competed for regionals in hospitality, tourism, and recreation. During this competition, I presented a relevant business concept to three candid judges and was able to utilize their feedback to improve my mode. This was impactful because it gave me a clearer understanding of what my concept could look like and what steps would need to be taken to bring it to life.
